WHERE TO SIGN IN

- **Staff** (admin, secretariat, scrutineer, chairperson, compere, barker): the website address followed by **/staff-access**.
- **Adjudicators:** the same page, **Adjudicator** tab, or the website address followed by **/adjudicator**.
- **Athletes, coaches and teams:** press **Sign in** on the website and choose who you are. Athletes and coaches type their **membership ID** or their email; teams type their email.

> Everyone needs an internet connection: mobile data or Wi-Fi is fine. Staff and adjudicators are given their account by the admin.

Athletes, coaches and teams create their own account.

What every signed-in person has

These work the same for everyone.

POP-UP MESSAGES

Short messages with a small sound appear on the screen when something needs you. Staff see them for new entry requests, new account links, membership payments and changes to names and birth dates. The admin hears the same ones as the secretariat. Athletes, coaches and teams see what the secretariat decided, and the same message is kept under **Notifications**. Adjudicators and the compere get none.

REQUIRED FIELDS AND SAVING

A field that must be filled in has a red ***** after its label. Buttons that save are switched off while the save is under way, so pressing twice never saves twice. On a phone the fields do not zoom in when you tap them.

YOUR PASSWORD

Everyone who signs in with an email can change their own password. Athletes, coaches and teams can also **Sign out everywhere**. Staff can turn on **two-step sign-in**: after the password you type a 6-digit code from an app on your phone.

PHONE AND LAPTOP

The same pages fit any screen. On a phone, the menu is the three lines at the top right, and athlete, coach and team pages have a strip of links under the top bar.

SAFE BY DESIGN

Every action is checked against your role. A role that is not allowed to do something sees "Your account cannot do this."

- Account information: date of birth, contact number, province and address. Only the secretariat sees these.

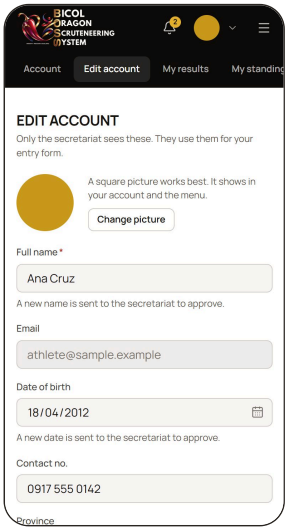

Edit account

ATHLETE MENU: EDIT ACCOUNT

Change your details and picture.

- Your picture can be replaced but not taken away: every account has one.
- Changing your team or coach is a request. The secretariat approves it, and your old team or coach stays until then.
- A new name, or a new date of birth when one is already on file, is a request too. Your current details stay until the secretariat approves it. Your first date of birth is saved straight away.

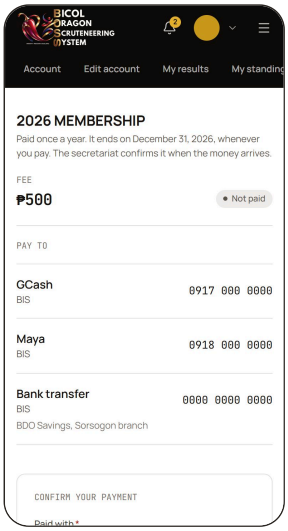

Membership

ATHLETE MENU: MEMBERSHIP

Pay your yearly membership.

- A membership covers the calendar year it is paid in and ends on December 31 of that year, whenever you pay. Your membership ID is given with your first confirmed payment and never changes.
- See the fee and where to pay: GCash, Maya or bank.
- Pay, then choose how you paid, add the reference number or screenshot and press Send payment.
- It shows Waiting for the secretariat. If turned down, you see why and can send it again.

Type your 6-digit PIN, or scan the code on your PIN card with your phone's camera.

- Your PIN works only around the competition date, on one phone at a time.
- Signing in on another phone signs this one out.

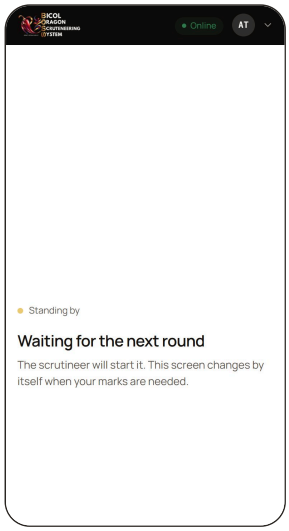

Waiting

APPEARS AFTER YOU SIGN IN

Wait for the next round.

- The round appears by itself when the scrutineer starts it. Keep the screen on and the phone charged.

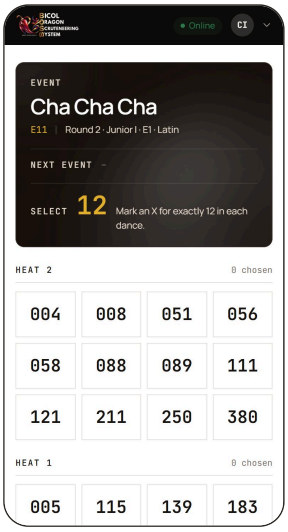

Mark: early rounds

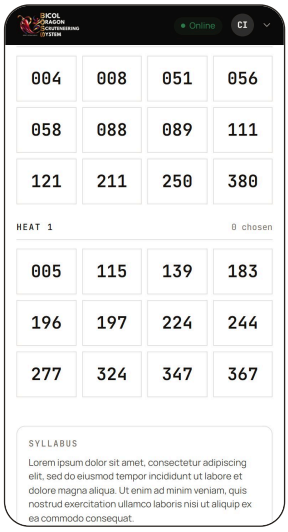

APPEARS WHEN A ROUND STARTS

Tap the numbers of the dancers you want to go through to the next round.

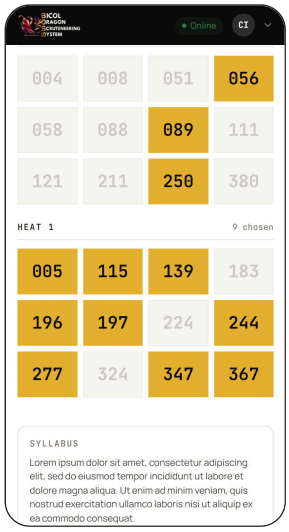

- Choose exactly the number shown at the top ("Mark an X for exactly 12").
- The counter at the bottom shows how many you have marked.
- Dancers are grouped by heat. Tap again to remove a mark.
- Under the numbers, a Syllabus box lists what may be danced in this event. Juvenile up to Junior I show a standard text unless the admin or secretariat wrote one for the event; older age groups show the box only when the event has its own text.

PRESS SUBMIT

Check your choices, then sign.

- Review your selection: check the numbers. They cannot be changed once sent.
- Press Final and submit, sign with your finger (Clear to sign again) and press Finalize.
- Your signature is printed on the scores sheet.

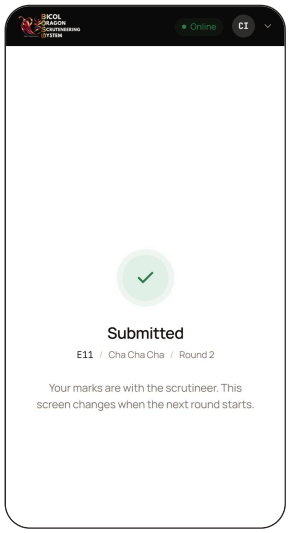

Submitted

APPEARS AFTER FINALIZE

Your marks are with the scrutineer.

- The screen changes by itself when the next round starts.

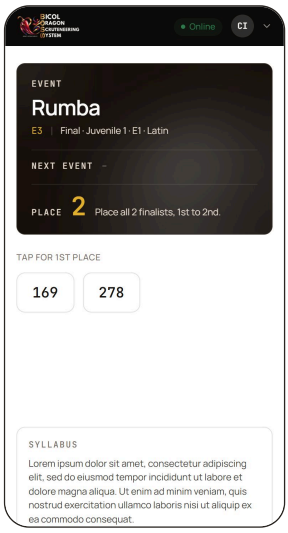

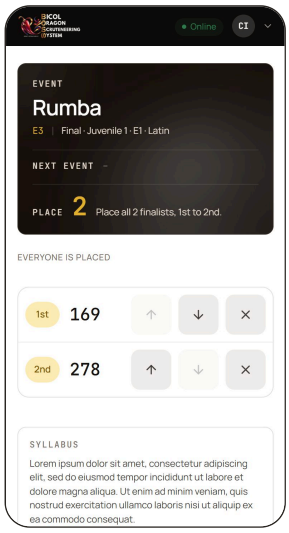

Mark: the final

APPEARS WHEN A FINAL STARTS

Place every finalist, 1st to last, in each dance.

- Tap a number to place it in the next free place.
- Use the arrows to move a placing up or down, or the cross to take it out.
- The counter shows how many are placed. Press Submit when everyone is placed, then sign as before.

If something goes wrong

Your marks are saved on the phone first.

- Connection drops: carry on and press Finalize. The phone sends your marks when it can, and the scrutineer can see it holds them.
- Page refreshed or browser closed: open the address again. Your marks come back.
- Phone dies: use your paper sheet and give it to the scrutineer, who types it in.
- Pressed Finalize by mistake: tell the scrutineer before they approve the round. Marks cannot be changed from the phone.
- PIN refused: ask the admin for a new one.

- If the coach has not paid this year, you can add the coach's membership and the Coaches Summit to the payment.
- A couple dances in the age group of its older partner, or an older one, never a younger one: a Junior and a Youth dancer are a Youth couple, so a Junior event is refused. A solo dances only in its own age group. A refused entry says the age does not match the event's age requirement.

The coaches on the entry forms.

- Add, edit and delete. Enter the year their membership and the Coaches Summit were paid.
- The membership ID (C-00001) is given automatically when the coach's membership is first recorded or paid. It cannot be typed in or changed.
- Summits attended: add the date of each Coaches Summit the coach attended, and remove one added by mistake. The newest shows first.
- Only an admin can change a coach's name. The same coach name cannot be added twice.

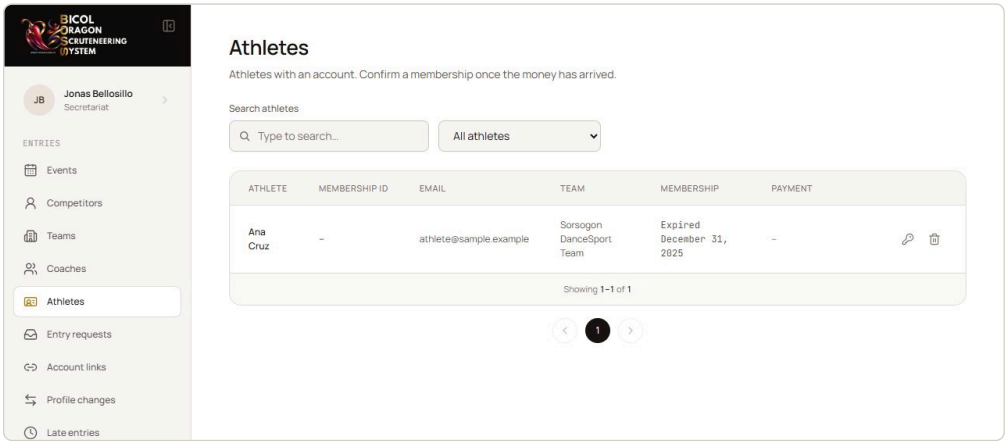

Athletes

MENU: ATHLETES

Athletes who made an account.

- Payment waiting: check it against the money received, then press the tick to confirm. Their membership is then recorded for the year, and they get their membership ID (A-00001) with the first one.
- The Membership ID column shows it, and you can search by it.
- Press the cross to turn a payment down. You must give a reason, and the athlete sees it.
- The key gives a new password and the bin deletes an account.

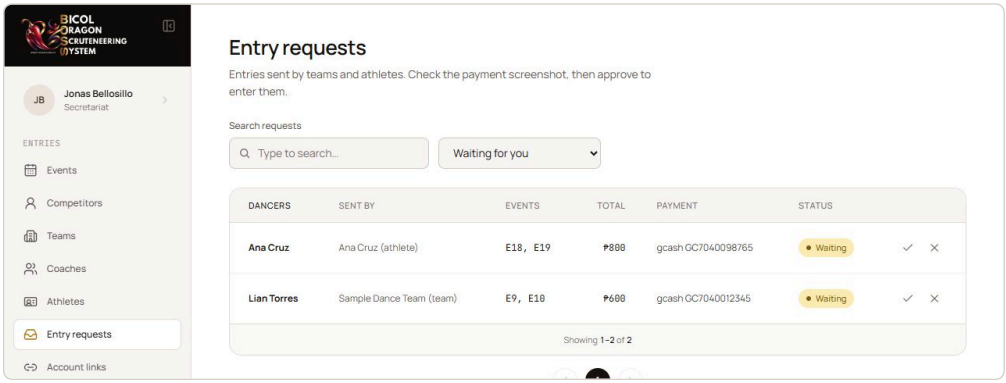

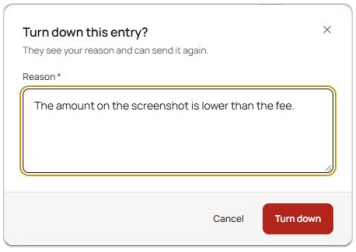

Entry requests

MENU: ENTRY REQUESTS

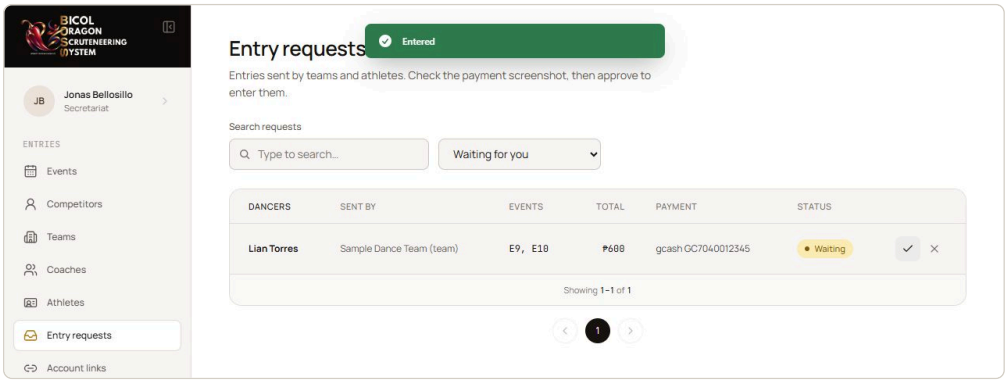

Entries sent online by teams and athletes.

- Newest first, each with its date, sender, events and fee. A pop-up announces each new one.
- Press the small picture to see the payment screenshot and check it against the money received.
- The tick approves it: the dancer is entered and the payment recorded. The sender is told.
- The cross turns it down. You write the reason, and the sender reads it and can send again.
- A decided request cannot be decided again.

Account links

MENU: ACCOUNT LINKS

Coaches and teams asking to be linked to their record.

- See who is asking and which record they want.
- Press the tick to link them, or the cross to turn them down. Check that the person really is that coach or team.

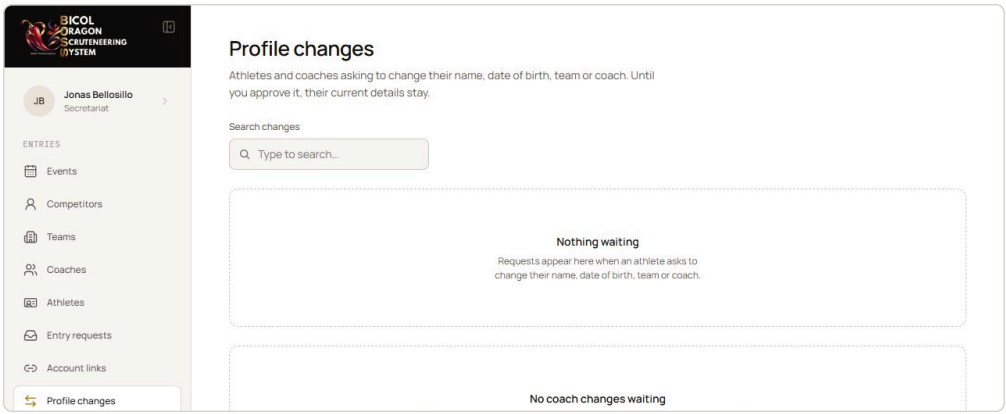

Profile changes

MENU: PROFILE CHANGES

An athlete or coach asking to change their name, date of birth, team or coach.

- Each row shows the current details next to what they ask for. Athletes are listed first, coaches below.
- Press the tick to approve it: everything asked for is applied and the person is told. Press the cross to turn it down. You must give a reason, and they read it.
- Until you approve it, their current details stay. Athletes and coaches cannot change a name or birth date on file themselves; the admin can correct one directly.

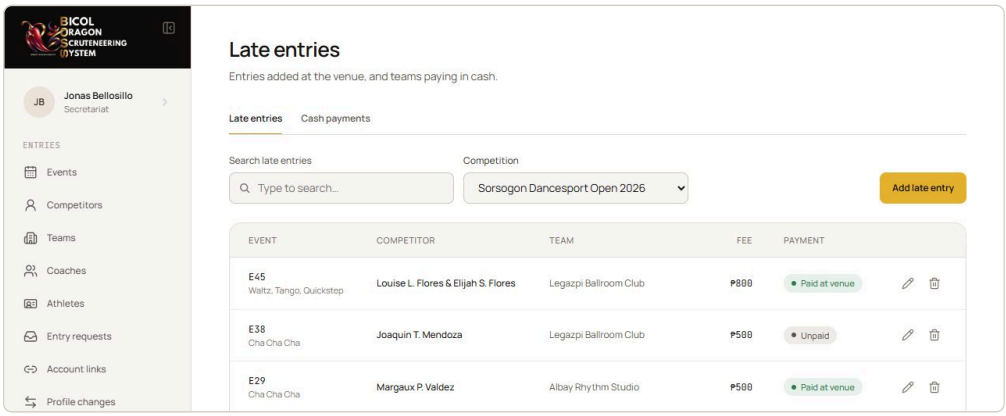

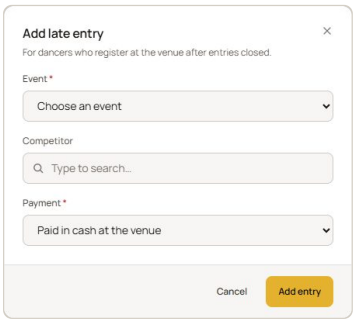

Late entries

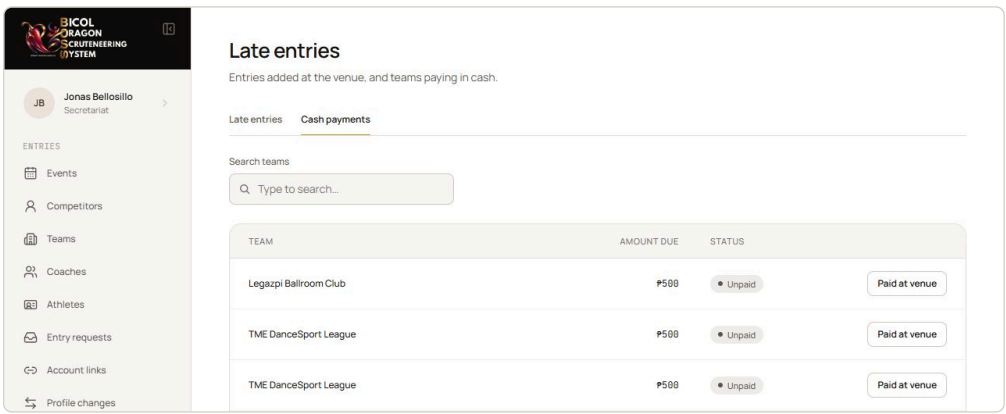

MENU: LATE ENTRIES

Dancers added after the entries closed.

- Add, edit or delete a late entry. Say whether it was paid in cash at the venue. A late entry that has not paid cannot dance.
- Cash payments tab: mark a team's unpaid or rejected payment as paid at the venue.

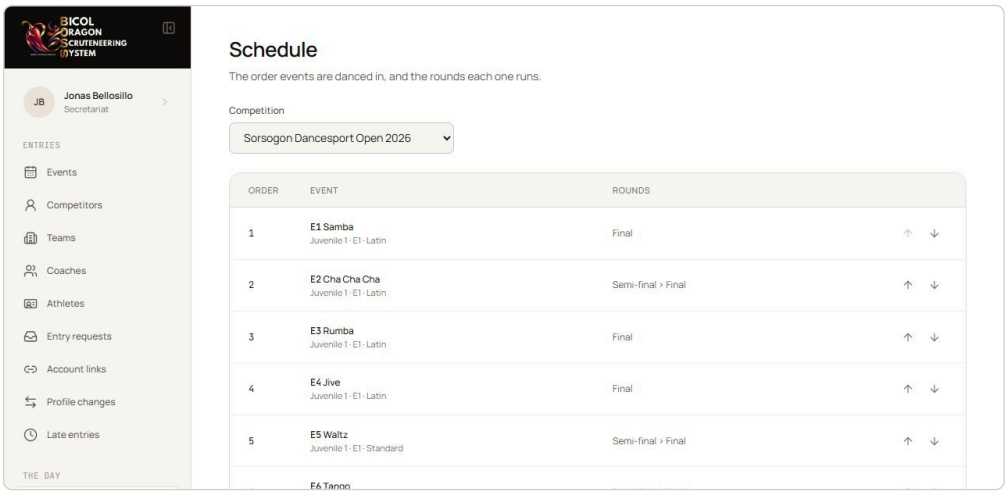

Cash payments

Schedule

MENU: SCHEDULE

The order the events are danced in.

- Use the arrows to move an event up or down.

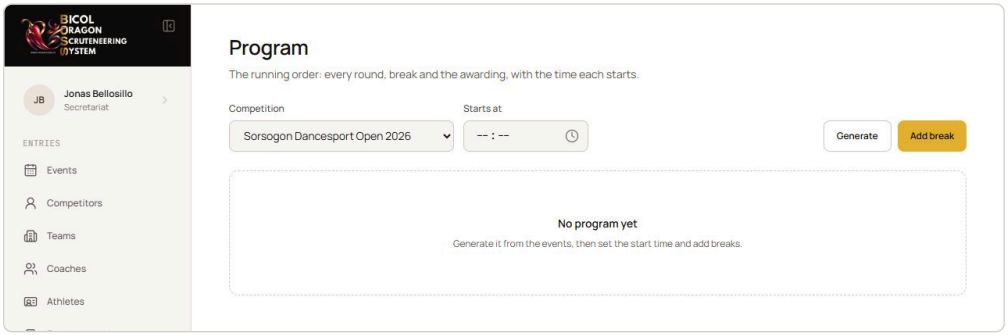

Program

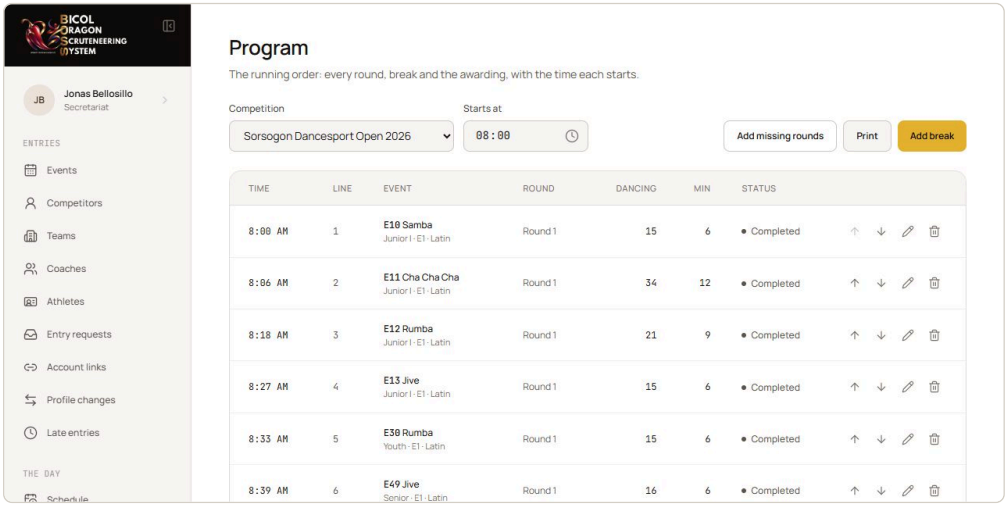

MENU: PROGRAM

The running order with start times.

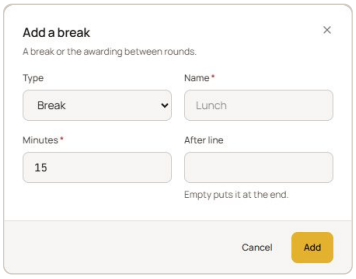

- Press Generate to build it from the events: every round, break and the awarding.
- Set Starts at to the first start time.
- Add break puts in a break. Use the arrows, pencil and bin on a line to move, edit or remove it.
- Add missing rounds fills in rounds added later. Print prints it.
- Visitors see the program on the website.

You set the system up. Use a laptop.

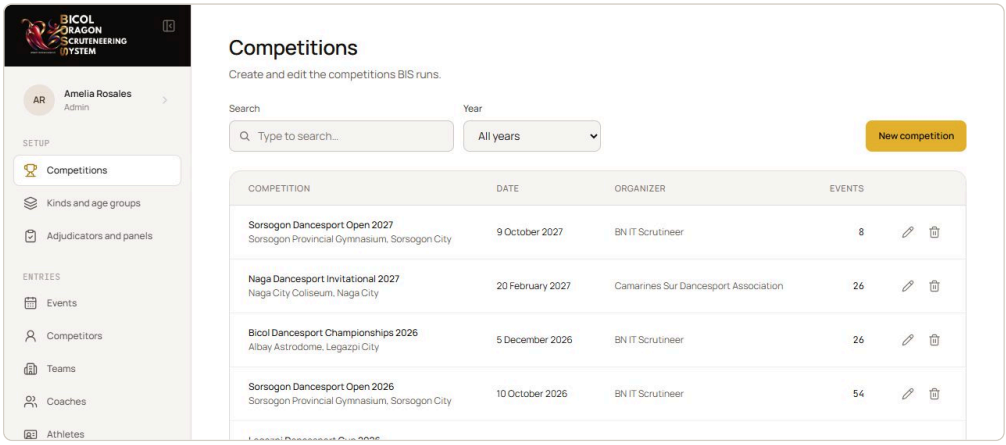

Competitions · Kinds and age groups · Adjudicators and panels · Points table · Payments · Fees · Staff accounts · Security · plus every secretariat screen

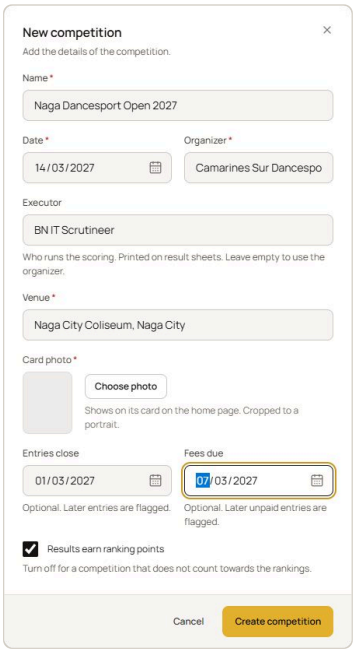

Competitions

MENU: COMPETITIONS

Create and manage the competitions.

- New competition: name, date, organizer, venue and a card photo (required). The date cannot be before today: a finished competition cannot be added or moved into the past. A competition already held can still have its other details corrected.
- Executor (optional) is who runs the scoring; it is printed as the Executor on result sheets. Empty uses the organizer.
- Entries close and Fees due are optional. Later entries are flagged to the secretariat.
- Search, filter by year, edit and delete. A competition with events cannot be deleted.

Kinds and age groups

MENU: KINDS AND AGE GROUPS

The kinds of event and the age groups the system uses.

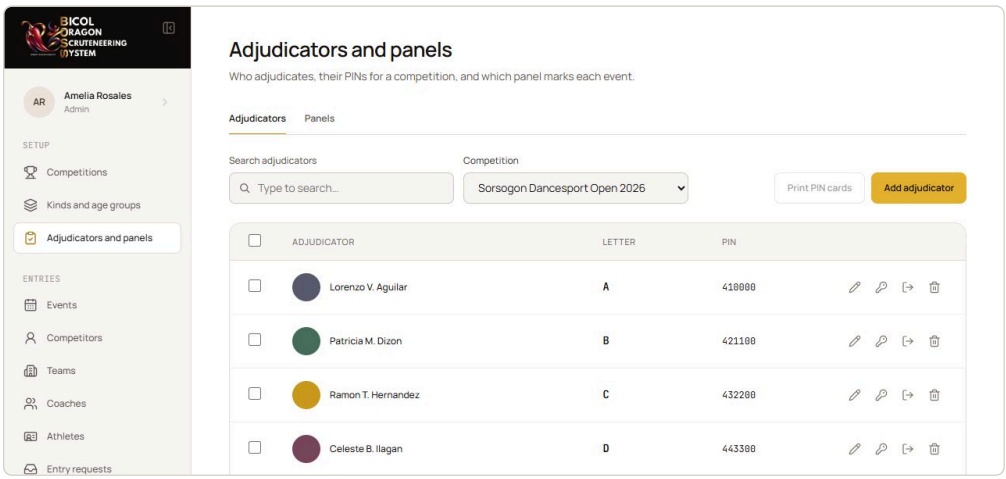

- Kinds set how an event is priced and who may enter, for example Beginners, Ranking or Closed to a province. Age groups set a name, how it is printed and the oldest age in the group.
- A change never rewrites the past. Once an event in an age group has started, saving a change makes a new version and keeps the old one for those events, their results and sheets. Events still to run, and competitors, move to the new version.
- Standings add points earned under the old version to the new one. A group or kind that events use cannot be deleted.

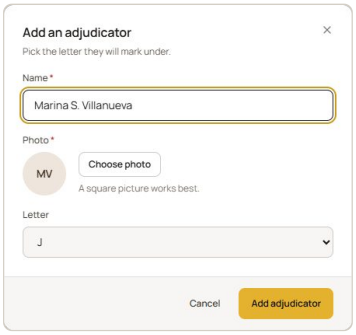

Adjudicators

MENU: ADJUDICATORS AND PANELS

The adjudicators and their PINs.

- Add adjudicator: name, a photo (required) and a letter, A to J. Edit or delete with the icons on the row. Adjudicators can be added before any competition exists; only their PINs need one.
- Choose a competition to see each adjudicator's PIN for it. The pencil edits, the key makes a new PIN, the arrow signs that phone out at once.

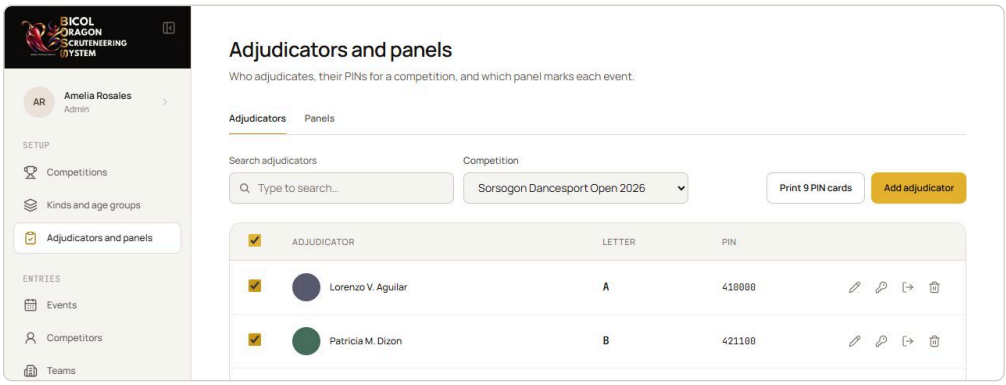

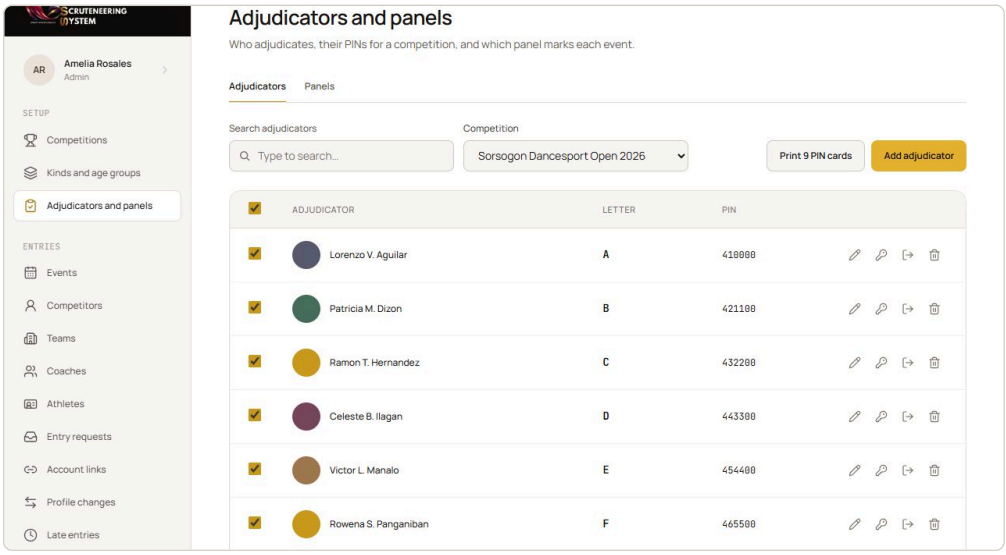

PIN cards

ADJUDICATORS, TICK NAMES, THEN PRINT PIN CARDS

A card for each adjudicator with a 6-digit PIN and a QR code.

- Tick the adjudicators (or the box at the top for all) and press Print PIN cards.
- Hand the cards out privately. A new PIN signs that adjudicator's phone out.

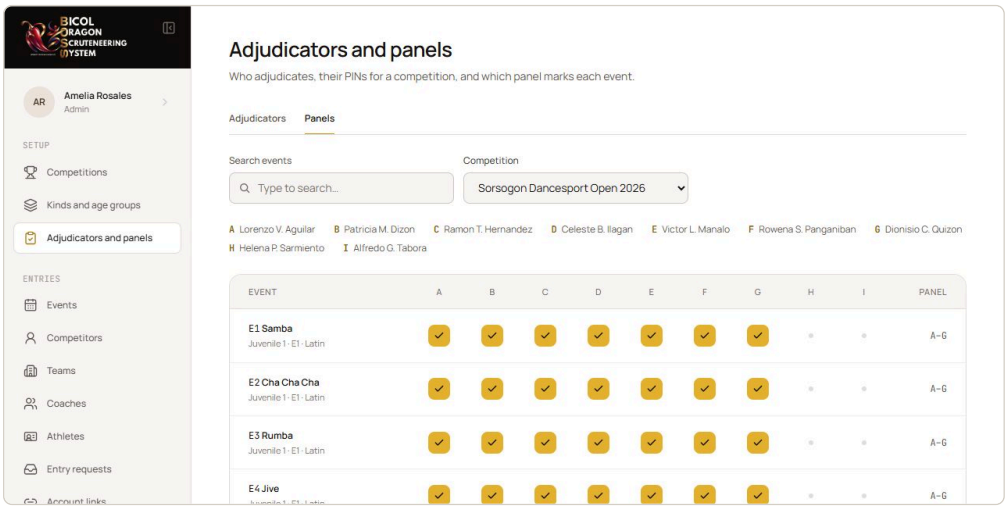

Panels

ADJUDICATORS AND PANELS, PANELS TAB

Choose which adjudicators mark each event.

- A grid of events by adjudicator. Tick the adjudicators for each event; the Panel column summarises them.

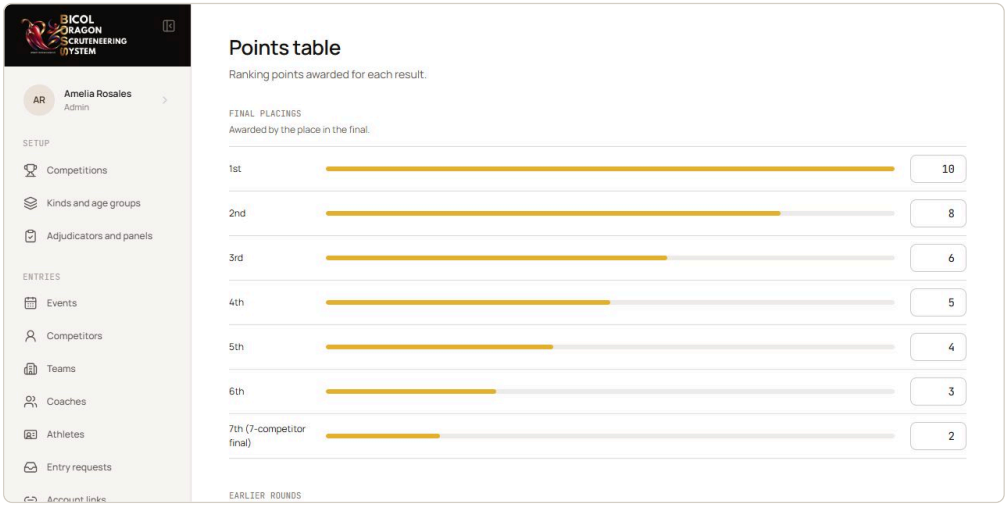

Points table

MENU: POINTS TABLE

The ranking points for each place.

- Edit the points for 1st to 7th and for the semi-final and quarter-final, then Save changes.
- Rankings update when the scrutineer approves a result.

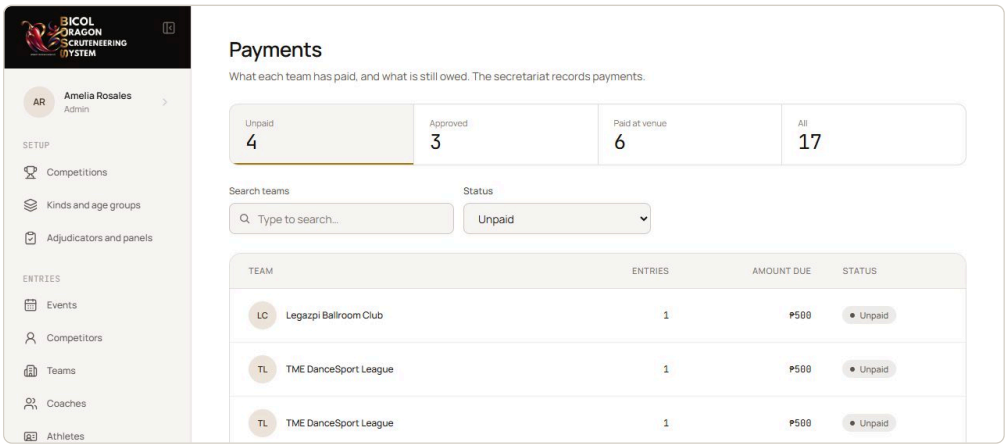

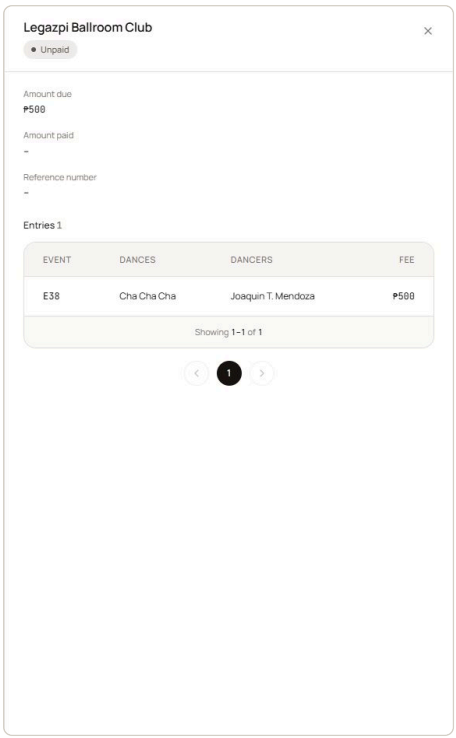

Payments

MENU: PAYMENTS

What each team owes and has paid.

- Cards at the top: Unpaid, Approved, Paid at venue and All. Search teams and filter by status.
- Press a row to see what it covers and who recorded it. This is read-only: the secretariat records payments.

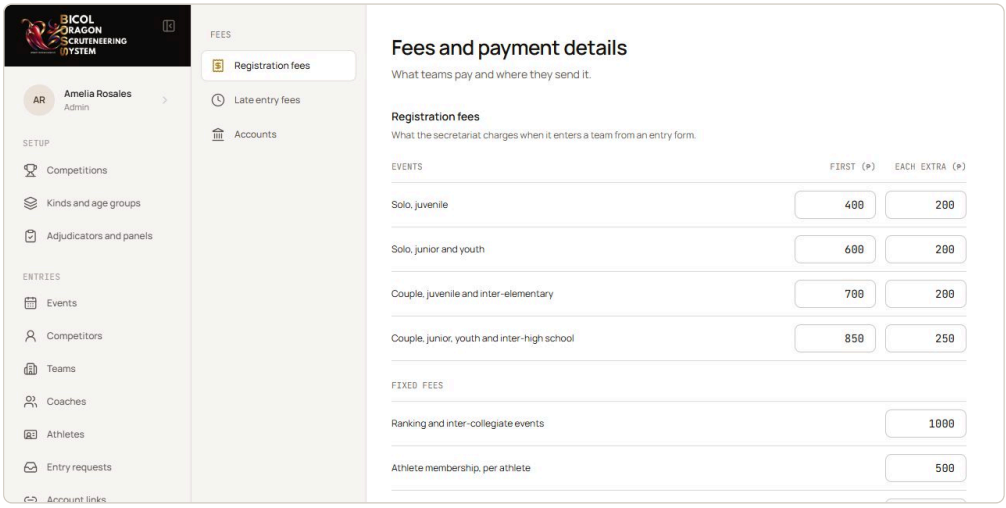

Fees and payment details

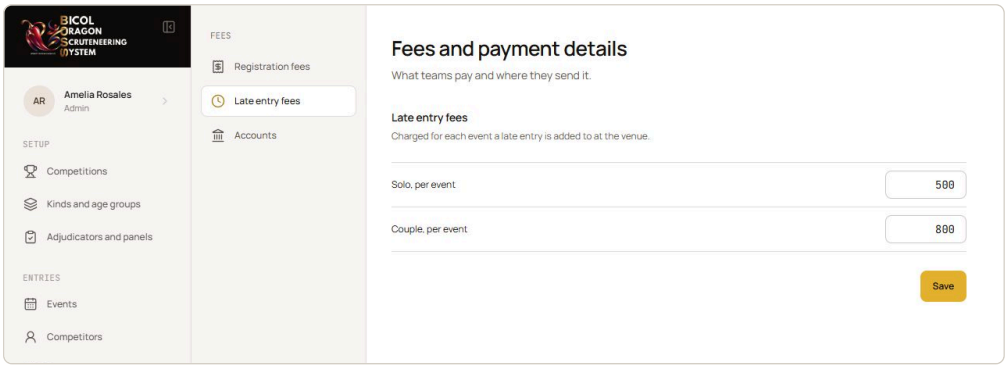

MENU: FEES AND PAYMENT DETAILS

Three tabs: Registration fees, Late entry fees and Accounts.

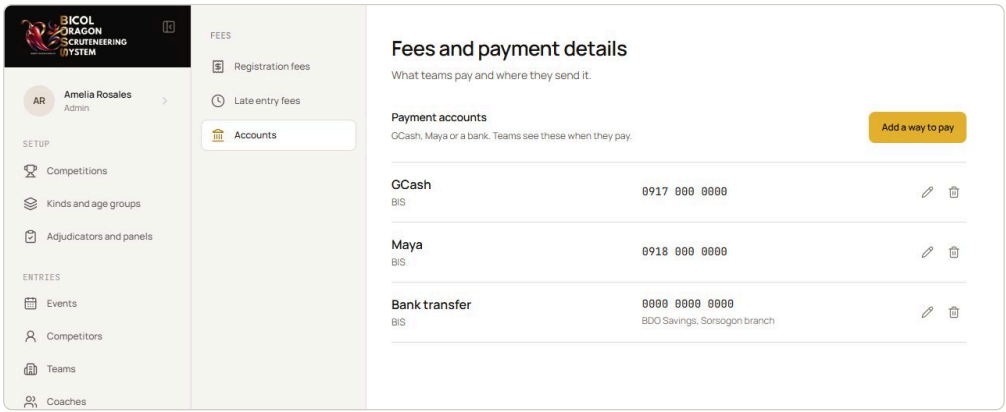

- Registration fees: first entry and each extra entry for solos and couples, the fixed fees (ranking and inter-collegiate events, athlete and coach membership, Coaches Summit). Press Save registration fees.
- Late entry fees: the flat solo and couple fee for late entries. If late entries are refused, these are not set.
- Accounts: GCash, Maya or bank details that people see when they pay. Add a way to pay.
- Teams cannot enter events until the fees are saved.

Late entry fees

Accounts

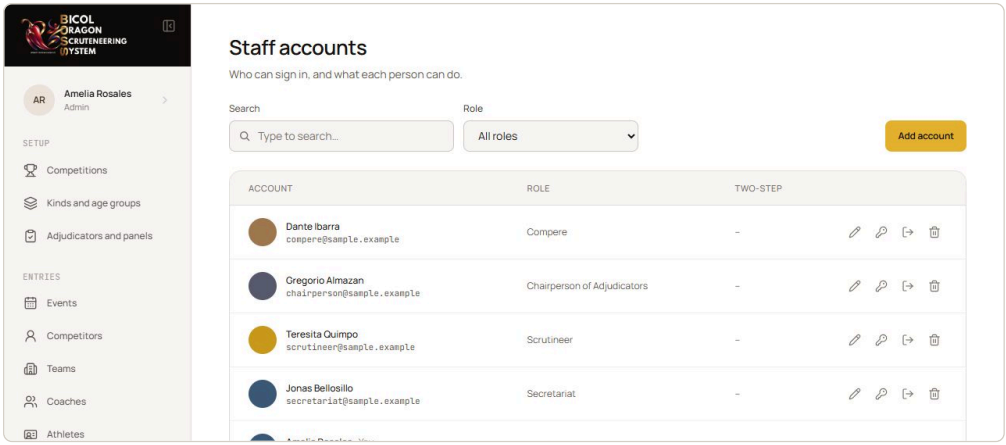

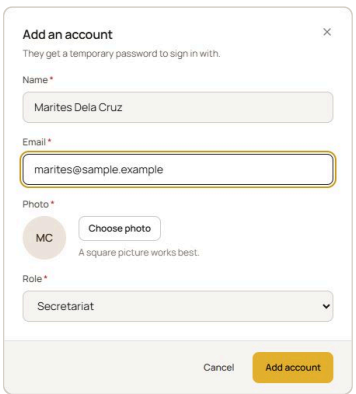

Staff accounts

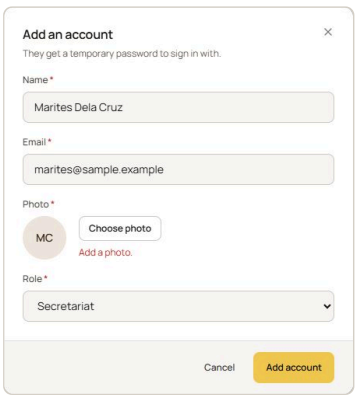

MENU: STAFF ACCOUNTS

Create and manage the people who run the system.

- Add account: name, email, photo (required) and role (secretariat, scrutineer, chairperson, compere, barker or admin).
- A temporary password appears once. Give it to the person in person.
- Row icons: edit, reset password, reset two-step sign-in (if on), sign out everywhere, delete.
- Open an account to read its activity log.
- On the Athletes screen, the pencil corrects an athlete's name or date of birth directly. Only the admin can do this.

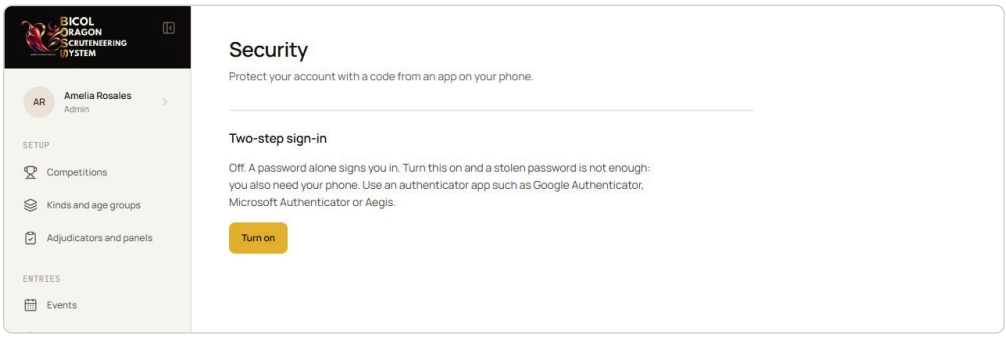

Shown only once

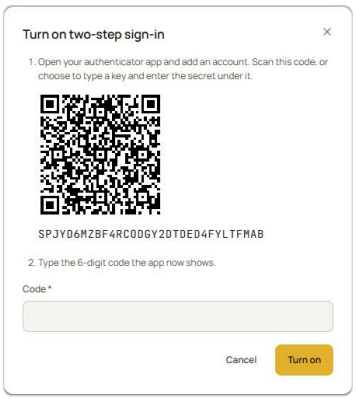

Security

MENU: SECURITY

Turn on two-step sign-in and change your password.

- Turn on: scan the code with an authenticator app, type the 6-digit code it shows and save the recovery codes it gives you.
- If someone loses their phone and codes, reset it for them on Staff accounts.

Backups and the secretariat's screens

TOP OF EVERY SCREEN; MENU SECTIONS ENTRIES AND THE DAY

Two more things for the admin.

- A warning appears at the top if a backup folder fails.
- Your menu also holds every secretariat screen (Events, Competitors, Teams, Coaches, Athletes, Entry requests, Account links, Profile changes, Late entries, Schedule, Program), so you can do that work from your own account. See the Secretariat section.
- You cannot start, approve or publish a round, or confirm a tie.

How it works

From setup to published results.

The whole competition, step by step

HOW IT WORKS

The big picture

Everyone has a part. Information moves from one person to the next, and ends on the website.

•	**Admin**	Sets up the competition, staff, adjudicators, fees and points
↓	**Secretariat**	Enters dancers, gives back numbers, plans the program
↓	**Scrutineer**	Starts each round
↓	**Adjudicators**	Mark on their phones
↓	**Scrutineer**	Checks the marks and settles ties with the chairperson
↓	**Scrutineer**	Approves and publishes the result
↓	**Compere and visitors**	The compere announces it. Everyone sees it on the website

HOW MARKS BECOME RESULTS

Early rounds (round 1, round 2, quarter-final, semi-final). Each adjudicator marks an X for the number of couples to go on (the recall number). BOSS counts the X marks for each couple. The couples with the most X marks go through. If couples are tied right at the cut-off, the scrutineer proposes whether to take all those tied or only those above, and the chairperson confirms.

The final. Each adjudicator places every finalist, 1st to last, in each dance. BOSS works out the places with the official **Skating System**: a couple wins a place when a **majority** of the adjudicators (more than half) place them at that place or better. If couples still cannot be separated, the scrutineer proposes keeping the shared place or a tie-break dance, and the chairperson confirms.

Ranking points. When the scrutineer approves a result, points from the admin's points table are added to each dancer's ranking. Rankings are kept per category, for example Junior I E1 Latin.

WORDS USED

Back number	The number pinned to a dancer's back.
Heat	A group dancing at the same time when a round is too big for the floor.
Recall	Being chosen to go to the next round.
X mark	An adjudicator's vote to recall a dancer.
Placing	An adjudicator's ranking in the final: 1 is best.
Panel	The adjudicators who mark an event.

STEP BY STEP

Running a competition

From the first setup to published results. Each step names who does it and where.

PART 1 · SET UP

1 ADMIN

Set the fees and where to pay

Open **Fees and payment details**. Check the registration fees and the late entry fees, then add GCash, Maya or bank accounts under **Accounts**.

2 ADMIN

Create the staff accounts

Open **Staff accounts** and add the secretariat, scrutineer, chairperson and compere. Give each person their temporary password in person. Ask the secretariat and admin to turn on two-step sign-in.

3 ADMIN

Add the adjudicators

Open **Adjudicators and panels** and add each adjudicator with a letter (A, B, C and so on).

4 ADMIN

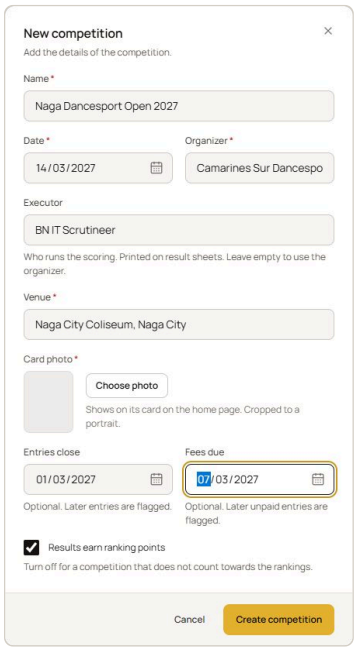

Check the points table

Open **Points table** and check the points for each place.

5 ADMIN

Create the competition

Open **Competitions** and press **New competition**. Add the name, date, venue, organizer and a card photo. Set the entries and fees deadlines if you have them.

6 SECRETARIAT

Add the events

Open **Events** and add each event with its age group, class, style and dances. Set the Kind (Beginners, Ranking, Inter-school or Closed to a province).

7 SECRETARIAT

Add the teams and coaches

Open **Teams** and **Coaches** and add each one once, as named on the entry forms.

PART 2 · TAKE ENTRIES

8 ATHLETES, COACHES, TEAMS

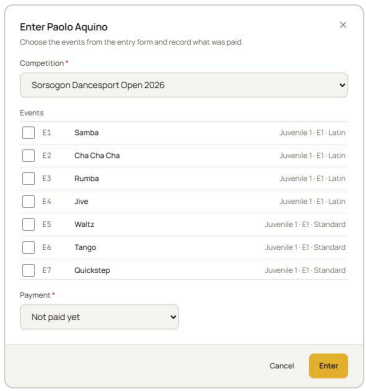

Make accounts and link them

Each person presses **Sign in** on the website and creates an account. Coaches and teams then send a link request. The secretariat approves them under **Account links**.

9 SECRETARIAT

Enter dancers from entry forms

Open **Competitors**. Use **Add competitor** or **Import CSV**, then press the first icon on a row to enter the dancer in events and record how they paid.

10 SECRETARIAT

Approve entries sent online

Open **Entry requests**. Check each payment screenshot against the money received. Press the tick to approve, or the cross to turn down with a reason.

11 SECRETARIAT

Confirm memberships

Open **Athletes** and confirm each membership payment once the money arrives. The athlete's membership ID is given with the first one.

12 SECRETARIAT

Give out back numbers

On **Competitors**, press **Assign back numbers** once the entries are in.

13 ADMIN

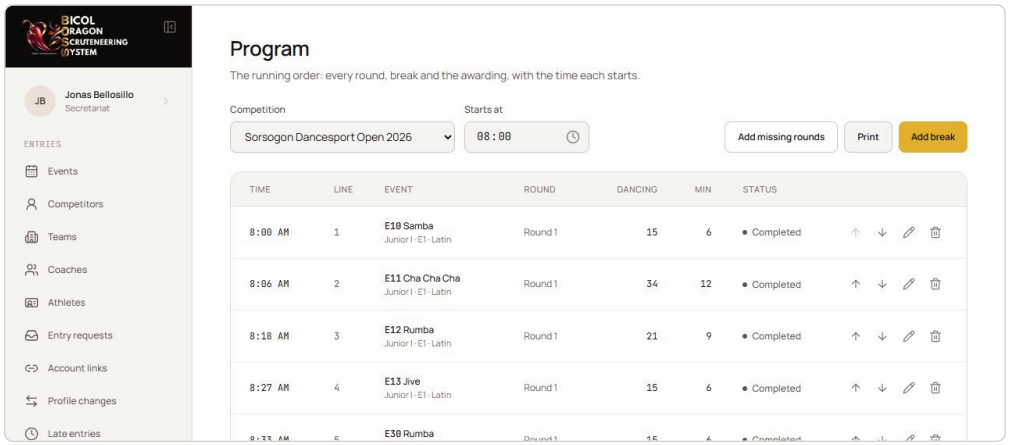

Choose the panels

On **Adjudicators and panels**, open the **Panels** tab and choose which adjudicators mark each event.

14 SECRETARIAT

Plan the day

Open **Schedule** to set the order of the events. Then open **Program**, press **Generate**, set the start time and add breaks. The program is now on the website for everyone.

PART 3 · THE DAY BEFORE

15 ADMIN

Print the PIN cards

On **Adjudicators and panels**, choose the competition, tick the adjudicators and press **Print PIN cards**. Hand them out privately.

16 ADMIN

Check the system

Make sure there is no backup warning at the top of the screen and that the server clock is right. PINs work only around the competition date.

17 SECRETARIAT

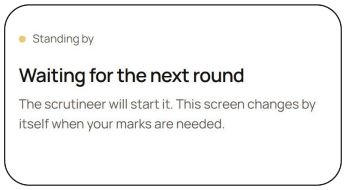

Print the heat lists

Open an event and press **Heat list**, or open **All printouts**.

18 EVERYONE

Sign in and test

Staff sign in on their laptops. Each adjudicator signs in with their PIN and sees **Waiting for the next round**.

PART 4 · ON THE DAY, ROUND BY ROUND

19 SCRUTINEER

Plan the rounds (once)

Open **Rounds** and press **Plan rounds**. Every event with entries gets its rounds.

20 SCRUTINEER

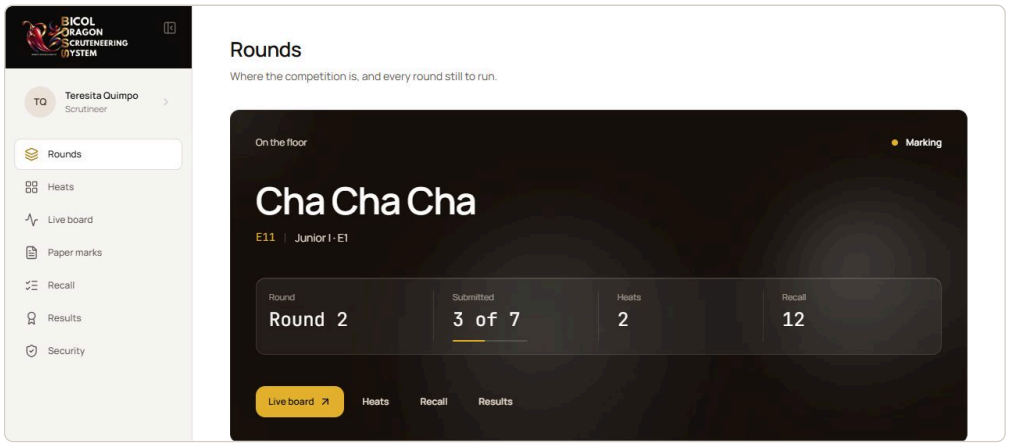

Split into heats if needed

If a round is too big for the floor, open **Heats**, press **Split evenly** and **Save heats**.

21 SCRUTINEER

Start the round

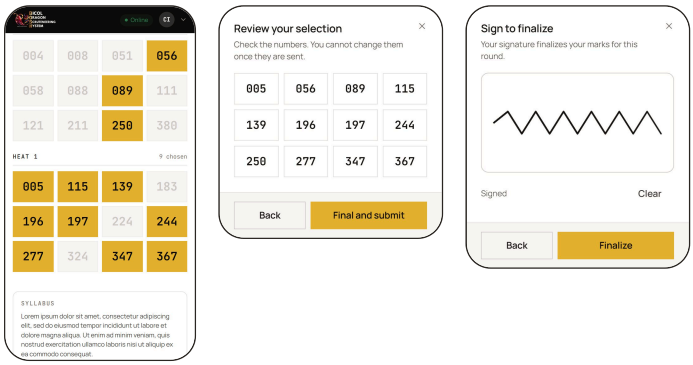

On **Rounds**, press **Start** on the round. It appears on the adjudicators' phones and the compere's screen shows the numbers to call. If it will not start, some entries are unpaid: the secretariat records the payment or scratches the dancer.

22 ADJUDICATORS

Mark and sign

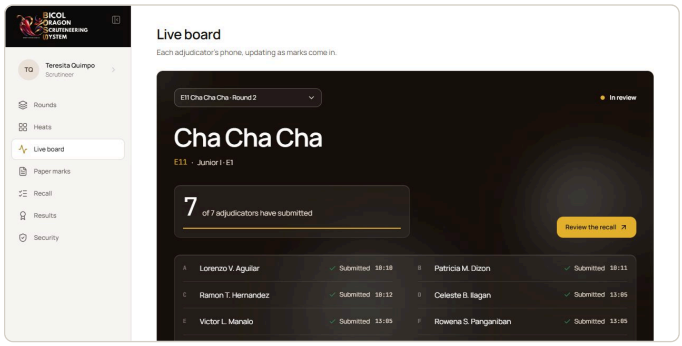

Early rounds: tap the numbers of the dancers to go through, exactly the number shown. Final: place every finalist 1st to last. Press **Submit**, check, then **Final and submit**, sign and press **Finalize**.

23 SCRUTINEER

Watch the live board

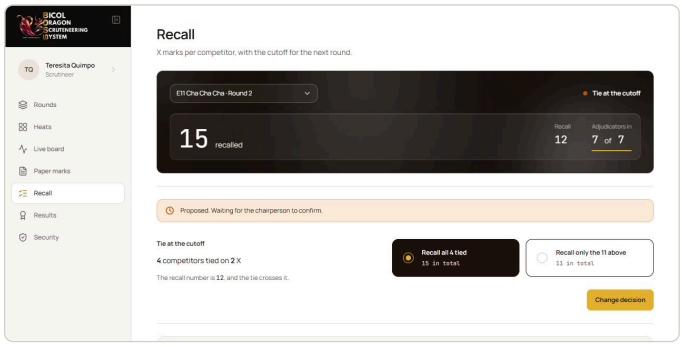

Watch each phone go from **Waiting** to **Submitted**. If a phone cannot send, take the paper sheet and type it in on **Paper marks**.

24 SCRUTINEER AND CHAIRPERSON

Settle any tie

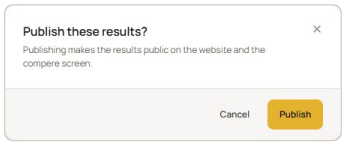

Open **Recall**. If couples are tied at the cut-off, the scrutineer chooses an option and presses **Propose decision**. The chairperson opens **Recall** and presses **Confirm tie decision**.

25 SCRUTINEER

Approve and publish

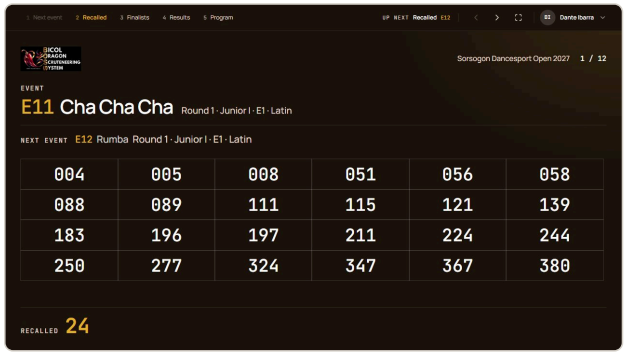

Open **Results**. Check the table, press **Approve results**, then **Publish results**. The result is now on the website and on the compere's screen, and the ranking points are added.

26 COMPERE

Announce

The compere reads the numbers that go through (**Recalled**), or the places from last to first (**Results**). Press the arrows or number keys for the next announcement.

27 SCRUTINEER

Next round

Go back to step 21 for the next round: round 1, round 2, quarter-final, semi-final and finally the final. In the final the adjudicators place every finalist, and a tie in the final is settled the same way as step 24.

28 SECRETARIAT

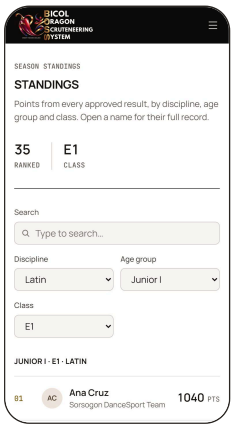

Late changes

A dancer withdraws: open the event and press **Scratch**. A dancer arrives late: add them under **Late entries**. They cannot dance until they have paid.

29 EVERYONE

Results and standings are public

Visitors read the results on the competition page and the points on **Standings**. Athletes, coaches and teams see their results on their own pages.

30 SCRUTINEER

Print the results

Use **Print summary** on **Results**, or **All printouts** for score sheets and final results.

31 ADMIN

Check the money and the backups

Open **Payments** to see what is paid and what is still owed. Check there is no backup warning.

HELP

Common questions

Quick answers. If these do not help, ask the secretariat or the admin.

QUESTION	ANSWER
I forgot my password.	Athletes, coaches and teams: ask the secretariat for a new one. Staff: ask the admin.
My entry or payment was turned down.	Open Notifications or My requests to read the reason, fix it and send it again.
I cannot see my dancers.	Your account must be linked first. Open Link your team (or coach) and send the request.
A round will not start.	Some entries are not paid. The secretariat records the payment or scratches the dancer.
Results are not on the website.	The scrutineer has not published them yet.
A phone says marks are not sent.	They are saved. Move to mobile data or other Wi-Fi, or use the paper sheet.
Two couples have the same place in a final.	The scrutineer proposes how to settle it, the chairperson confirms, then the round can be approved.
An adjudicator's PIN is refused.	The admin makes a new one on Adjudicators and panels. A PIN only works around the competition date.
A wrong round was started.	The scrutineer presses Take off the floor. Possible until an adjudicator has submitted.
